

How to make the most of the IHG® App

We believe in making things simple for you, our guests. You can find, book and stay the easy way with the IHG® App.

There are a number of features within the App that have been created to help you, our business guests, make the most of your stays.

Use the App to...

Add your corporate ID

You only have to do this once, the App will remember next time. **Just add it to the "corporate id" field located** at the bottom of the search page to access your preferred rate.

The Virtual IHG Rewards Club membership card

You will have a virtual IHG Rewards Club membership card within the App so no need to carry your plastic card.

What's more...

Manage your stay

You can set **your stay preferences within the App before you arrive.** You can also view your past stays at the same hotel, allowing you to rebook quickly and easily.

Concur users

Add your **IHG Rewards Club number to your Concur profile** to be rewarded automatically for your stays.

Did you know?

- You can **find bookings** made via a travel agent by searching with surname and **reservation number**.
- There is a **shortcut** to upcoming **reservations** at your fingertips displayed on the **App homepage**.
- You can even use Business Advantage as a **faster payment method***

**Applicable to UK only*
